## PURPOSE AND SCOPE

The purpose of the Regulations is to establish a minimum and uniform standard for private, fee-paid home inspectors who provide or offer to provide home inspection for compensation or other valuable consideration or who hold oneself out to the public as qualified to provide such service. Home inspection means an examination and written evaluation of two or more of the following components of a residential building: heating, cooling, plumbing and electrical systems, structural components, foundation, roof, masonry, structure, exterior and interior components and any other related residential housing components. Home Inspections performed in accordance with the Regulations are intended to provide the client with information regarding the condition of the systems and components at the time of the Home Inspection.
